MER Supplement 1
CARP 66-1
15 February 2000

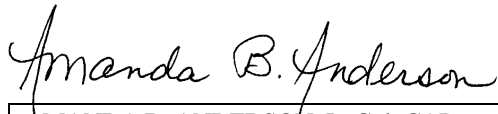

Maintenance of CAP Aircraft

CIVIL AIR PATROL AIRCRAFT MAINTENANCE MANAGEMENT

CAPR 66-1, 1 February 2000, is supplemented as follows:

2c. No aircraft assigned to Middle East Region wings will have the wheel skirts installed. Those units currently having aircraft with wheel skirts installed will have them removed and calculate a new weight and

balance. This action is required to facilitate proper inspection of wheel and brake systems during pre-flight and other required inspections.

AMANDA B. ANDERSON, Lt Col, CAP Director of Administration	GENE D. HARTMAN, Col, CAP Commander
